Audi built 8,081 units of the "4B"-generation RS6 between 2002 and 2004, according to its archives department. Based on the "C5" A6, the original RS6 was offered as a sedan and an Avant-badged station wagon. Audi sold the former in the United States during the 2003 model year, but it never made the Avant available here.

The "book time" for a cam belt change on the RS6 is 5.6 hours. The labour rate should be the only difference in quotes - which clearly does not explain the variances I have been seeing. The advice from another Audi dealer (who gave yet another different quote) is that it is well worth shopping around as some dealers add extra bits into the work which Audi do not require.
