Vauxhall/Opel C20XE - Burton Power

That said, the C20XE engine didn't have a problem-free life, courtesy of the well-documented porous cylinder head issue which afflicted engines from around 1990-1991 onwards. This coincided with the switch from a Cosworth-produced cylinder head to a production GM item made by Karl Schmidt in Germany, which compromised the original design, particularly in the oil gallery area.

Head C20xe Engine - auditthermique.be

The C20XE engine's heads came in two notable forms. The original versions which appeared between 1988 and 1991 were cast by Cosworth. These are usually more sought after, due to their superior casting qualities, over the GM version which was introduced some time in 1991 (appearing with the Astra GSi).
